REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING AUGUST 29TH, 1860.

TURPENTINE .- Since our review of Wednesday last there has been a better demand for this article for both shipping advance of 5 cents-the sales on Monday being at \$2 55 for yellow dip. [At this season of the year virgin sells at the same price as yellow dip, but is generally subject to a deduction of one fifth unless of good quality and not dry, and we therefore give the price in our table below at which it now goes.] At the time of making up our report there is a brisk enquiry, and parcels find ready sale on arrival at \$2 55 for yellow dip, \$2 04 for virgin, and \$1 27\frac{1}{2} for hard, per bbl. of 280 ibs. The arrivals for the week have been rather better, and the sales reach 4,547 bbls., as follows: Bbls. Virgin. Yel. Dip. Hard. Wednesday, 182......\$2 00......\$2 50.....\$1 25

SPIRITS TURPENTINE.—After closing our review on Wednesday last there was an active enquiry from buyers, and Sales were also made on Thursday at these figures, but on ford Railroad, as follows: transactions were at 37 cents for the former and 38 cents for the latter quality. At these prices the market has since Leave. ruled steady, buyers taking all that can be reached, and 1:30 pm Wilmington sellers generally holding higher ;-the stock in first hands is | 2:30 " quite light. Wednesday 250 " " 33 " " " " " " Rosin .- During the week just ended the market has ruled quiet for the finer grades, and has been entirely neglected, not a sale having taken place that we are aware of. For fine Pale there has been some enquiry, and fair prices could sixty days to settle every dollar due by me as Sheriff. be cotained, but the market is bare and therefore we have no sales to report. For low Nos. 1 and 2 the market has ruled dull and inactive at former quotations. For the Common article the market has exhib ted more firmness, and a slight advance on last Wednesday's quotation has been established. There is a moderate demand from buyers, and \$1 05 per 310 lbs. is quite freely offered, and but few sellers at this price, the recent decline in treights having had a tendency to strengthen the market. At present there is a duaranteed not only a BSOLUTELY AND PERFECTLY PURE, good stock in first hands, but the bulk is out of maniet, being held for higher figures. We quote sales for the week of 14,-

BARRELS-Few or no empty Spirits Turpentine barrels have been received since our last, and there is only a small stock on market. For prime quality there is a moderate demand and sales are easily made at former quotations, while inferior are decidedly dull of sale at anything like a fair price. We quote only small sales of second hand ones at \$1 50 to \$1 85 for selected, and \$1 25 to \$1 35 for lots as they run. For New York make there is a fair demand, and stock light; -we quote at \$2 10 a \$2 15 each. COTTON-None on market. One bale of new sold on Monday at 124 cents per lb. for good middling.

The receipts for some weeks past have been meagre, and in consequence there is only a small stock remaining in the hands of dealers; a cargo of 1800 bags, however, is now daily expected from Rio de Janeiro. FLOUR-The arrivals for the past three or four weeks have been unusually light, and in consequence the stock of State brands has about all been worked off. There has been a steady demand for retailing purposes throughout the week, but in the absence of receipts worthy of note the sales have been confined to one or two small parcels at \$7 75 a \$9 for superfine, and \$8 a \$8 25 per bbl. for family-the market closing firm.

GUANO-The market is pretty well supplied with all descriptions, and rules steady at former prices There is a moderate demand existing, and sales have been effected from store at the following quotations: No. 1 Peruvian \$60; Reese's Manipulated \$52; American \$40; Sombrero \$35; Superphosphate of Lime \$50; and Land Plaster \$10 per ton. GRAIN-In the CORN market we h ve nothing new to report since our review of Wednesday last. There have been no receipts, and consequently no sales have taken place except in the small way from store. and this morning 237 at \$1 10 per 100 lbs., 90 days, being a decline of 5 a 10 cents on previous rates. No arrivals of Northern, and consequently we have no sales to report. LIME - No recent arrivals, and the supply in dealers' hands is getting rather light; it is, however, sufficient for present wants, as there is merely a retail demand. We quote in the small way from store at \$1 per cask for common lump. McLasses-in this article we have no change to report. The stock on market is fully fair for the season, and only a mall business doing. We quote Cuba from first hands at 24 a 26 cents in bhds., and 29 cents per gallon in bbls.

POTATOES - A few lots of Sweet have been brought to market and sold from carts at \$1 per bushel. A. Keith; with mdze. PROVISIONS .- For N. C. cured Bacon the market continues to rule exceedingly firm, and high prices are readily ob-tained for prime quality. An active demand exists for retailing purposes, and there is not sufficient coming to market at present to meet the wants of the trade. Only about 2500 lbs. received for the week, and sold at 13 1-2 cents for sides and 15 cents per lb. for hams. No sales of hog round, and we quote nominaly at 13 1 2 cents. Yours, very respectfully, M. J. WRIGHT, M. D. Office of the Jeffersonian, Philippi, Va., Dec. 12th, 1858. A gentleman of this place, (a lawyer,) Cotton-Seventy-five bales changed hands the past week has been bald ever since his youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and Grain-Considerable inquiry for wheat; would sell readily after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c., THOMPSON SURGHNOR.

DR. Wood-Dear Sir : Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the applica-tion of your " Hair Restorative" it soon recovered its original hue. I consider your restorative as a very wonderful invention, quite efficacious as well as agreeable.
